The Ottawa-Carleton Education Network is affiliated with the Ottawa-Carleton District School Board (OCDSB) and represents the OCDSB internationally.

**OTTAWA – CANADA'S CAPITAL CITY**

Students love studying in Ottawa, a beautiful city with hundreds of acres of parkland and forests, located in a green valley between two rivers. Canada is a multicultural country that welcomes visitors from all over the world. Young People's Language school is located in the city centre, close to museums, shops, restaurants and parks.

Ottawa is home to one million people and enjoys four distinct seasons, each offering a wide choice of recreational activities. The city has miles of bicycling and rollerblading paths, as well as world-class recreational facilities for soccer, swimming and other indoor and outdoor sports. Ottawa hosts many national and international cultural and sports events, including many summer music festivals.

**HOMESTAY**

Canadian families who host students enjoy meeting people from around the world. They are interested in knowing about the students and their countries' cultures. Students who live with Canadian homestay families improve their English quickly. Homestay families are chosen very carefully and the homestay coordinator provides support to both students and their homestay families. Students live in safe, stable homes where they have their own bedroom. All meals are provided.

Young People's Language School is a non-profit language school operated by the Ottawa-Carleton Education Network.

Parents are welcome to study at Young People's Language School while their children attend schools in Ottawa.

# Do you need better **English** skills to go to **high school** or **university**?

Winter fun

## COME STUDY WITH US

Students from around the world come to Ottawa's Young People's Language School to improve their English language skills. Young People's Language School offers students the academic and cultural knowledge needed for success. Students go on to public and private schools across Canada and universities and colleges around the world, confident that they have the language skills necessary to succeed.

Highly qualified instructors provide students exceptional English language training, cultural orientation and academic preparation. They also assist with test preparation and application for placement in schools, universities and colleges. The affiliation between Young People's Language School and the Ottawa-Carleton District School Board ensures that high school candidates receive precisely the skills needed to succeed in high school, college or university.

## Autumn leaves

## HIGH SCHOOL OR UNIVERSITY PREPARATION

For high school candidates, our school offers an academically oriented English language program designed to prepare students for further studies in English. The school has a balanced focus on the key language skills—reading, writing, listening, and speaking—as well as a strong grounding in grammar, vocabulary and pronunciation.

For university candidates, Young People's Language School offers a recognized university foundation program. Students communicate in the English language in school and at home. Studies include lectures, seminars, tutorials, group work, class discussions and presentations.

Regular assessments, assignments, teacher feedback and examinations help students develop skills and gain confidence. The program gives international students the skills and knowledge they need to enrol in and succeed at English-speaking colleges and universities.
